guys? hey guys?
my mom says i'm cool.

Do you have a text message stored on your mobile phone that you can't bring yourself to delete? Have you ever been tempted to peek into someone else's inbox and read their messages? This book will have you laughing and crying out loud at 200 tales from the short message service.

200 Characters tells a story of the intimate moments that hold us together and keep us apart, in 200 characters or less. Here the private becomes public, as we steal a look into strangers' inboxes – where we might just catch a glimpse of ourselves.
