

EIGHTH ANNUAL BICYCLE FILM FESTIVAL

ENTRY FORM FOR MELBOURNE SUBMISSIONS

FESTIVAL DATES: NOV 20 – 23 | SUBMISSION DEADLINE: SEP 12

The Bicycle Film Festival is back and for our second year in Melbourne we will be screening an expanded local program. We are looking for locally made films with a strong theme or character of bicycles. This includes all mediums and styles such as animation, experimental, narrative, documentary and music videos. The films can be up to feature-length but shorts are preferred. We want films about bikes, cyclists, and the local bike scene.

The BFF is held in over 15 cities around the world including Tokyo, New York City, Los Angeles, Milan, and London. In 2007 the total BFF attendance was nearly 100,000 people. The first Melbourne BFF was held last year to a fantastic reception. Help us make the 2008 event bigger and better with films about Australian bike culture. Films that screen in the local program will go into consideration for the international touring program in 2009 - this could be your chance to participate in an international film festival!

Previous participants in the Festival include the Neistat Brothers, Lucas Brunelle, and Reginald Harkema. Many of the films that have screened during the BFF have gone on to participate in other events such as Sundance, South by Southwest and the Toronto International Film Festival.

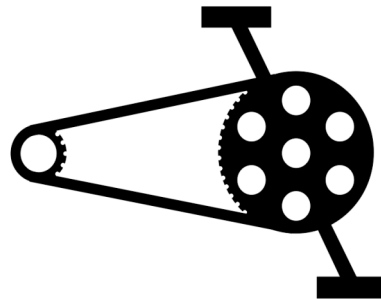

Make a film about your biking community, make a film about the first bike you ever rode, make a film about bike riding and how it fits into your life. We are not looking for sport films; we are looking for films with an artistic or narrative quality. Visit the international BFF site for inspiration. www.bicyclefilmfestival.com

Please submit your entry on DVD. If your film is selected, we will get in touch and advise on the supply format for screening. Fill out all of the fields on the following page, print it out and send with your entry to:
